Dear Chris,
I really thank you for your response, and I am sorry it took me so long to
respond. I have been out of town for a while. I see you have many
interesting chemicals in your portfolio. I am interested in three of them
which are NOCCELER M, NOCCELER MZ, and NOCCELER M-60. Please give me the
price per a pound. We need them for research purpose at this point, so one
pound might be good enough for us. If you can provide us some free samples,
that would be very appreciated. If not, I would like to purchase them.
I am looking forward to hearing from you soon!
Thank you,
Hong
